

SHOWA 728

These chemical resistant gloves protect hands from solvents and acids when working with harmful substances. Despite being extremely resistant to strong acids and chemicals, the 728 gloves are biodegradable thanks to SHOWA's Eco Best Technology®. The Extra bisque grips of these gloves makes wet work easier and safer.

BENEFITS

- Biodegradable
- Water-resistant
- Chemical-resistant
- Extra Grip
- Flexible
- Acid-resistant
- Reusable

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.
